

## **Direct Manual Reimbursement for Amgen Medications**

Direct manual reimbursement (DMR) is available for commercial patients for a number of Amgen medications including Otezla®, Enbrel®, TEZSPIRE<sup>®\*</sup>, Repatha®, Aimovig® and Corlanor®. The patient must be enrolled in an Amgen co-pay card program and have an approved prior authorization on file at the pharmacy.

- Patient retains the receipt and/or pharmacy label for their prescription. This documentation must be submitted along with the DMR form and must include Product name, Prescription Number, Prescription Date Filled, Quantity Filled, and Price
